To the President of the
National Academy of Medical Sciences of Ukraine
Academician Vasyl Lazoryshynets

Dear Academician Lazoryshynets,

Please accept my sincere gratitude for the high honor of being awarded the Medal of the National Academy of Medical Sciences of Ukraine. This distinction represents a meaningful recognition of my professional, scientific and organizational contributions to the field of oncology, and I am deeply grateful for this high evaluation by such a respected Academy.

It is especially significant to me that this award reflects not only my personal achievements but also the strengthening of our scientific and professional cooperation. I am confident that our continued collaboration will further contribute to the advancement of medical science and the improvement of patient care.

I would like to express my sincere appreciation to the Presidium of the National Academy of Medical Sciences of Ukraine for the attention. I wish you and your colleagues continued success in your scientific and professional endeavors, good health and further achievements for the benefit of medical science.

Sincerely,

Academician Jamil Aziz oglu Aliyev
